Or you can select a different mode for each class as seen on the image below:

LEA will create your Zoom meeting 10 minutes before your class start. In order to

to start your Zoom meeting. Your students will also see the same banner and must click on it in LEA to join your Zoom meeting.

In order to encourage participation, LEA automatically detects if a student has failed to connect to his/her class which has already started, and encourages his/her to join the class remotely as quickly as possible by sending a reminder notification on the student mobile during the first minutes of the lesson. It should be noted that any student subscribed to notifications who do not wish to receive reminder notifications in the event of a delay in class can easily deactivate this type of notification in their Valet Omnivox.

LEA will send a login reminder notification if

If you have any questions, please send an email to:
